The Token System

Every Monday morning, you are given 5 download tokens. Each e-book download uses between 1, 2 and 4 tokens, depending on demand for the book. The number in the top left corner of each book is the number of tokens it "costs". Your unused tokens rollover to the next week, but all tokens reset to 5 again every four weeks. In the top right corner of the screen you can see how many tokens you have used.

Freading e-books check out for 14 days, at which point they can be renewed for another 14 days. Simply go to the book display on the WCLS Freading website and download the book again. Renewals for the newest titles cost one download token, but older books renew for no cost.
